

EmpowerEd offers personalised part-time education placements for children and young people. Our flexible approach and individualised curriculum support each learner to grow in confidence, develop key skills, and prepare for life beyond education.

## About Us

Together, we bring over 45 years of specialised experience in education for young people with additional needs, including autism.

Our expertise ranges from supporting additional needs within mainstream schools to meeting the complex and significant needs of students who require bespoke learning provision.

In previous roles, we have developed provisions that were judged Outstanding by Ofsted and received a national award. Most importantly, we have created environments where children and young people are happy to attend and where they make meaningful progress.

At EmpowerEd, our mission is to create a safe, nurturing, and productive learning environment that empowers students to thrive.

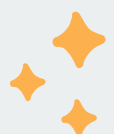

We work closely with parents, carers, schools, and other professionals to provide a holistic approach to each student's education and well-being.

- Being a part of the local community
- Developing strategies to cope with difficult situations
- A sense of belonging

## Why EmpowerEd?

We're a small team with big experience — and we care deeply about what we do. We believe education should be personal, purposeful and kind.

The young person is at the centre of everything we do, and we're proud to create a provision built on trust, respect and genuine care.

## Fees

Our core rate is £150 per day, based on a group of up to six learners supported by two experienced specialist staff.

If a student requires a higher level of staffing, a bespoke package and cost will be discussed in advance.
